

This is to confirm that all preparations and articles manufactured by us and their packaging materials contain no substances included on the candidate list (**Date 01.08.2024, 270 substances**) according to article 59 (1,10) of Regulation (EC) No 1907/2006 ("REACH") in a concentration above 0.1 % weight by weight (according to present knowledge).

We know the requirements set by article 33 of REACH. In future we will inform our customers as quickly as possible, if substances in our preparations, articles and packaging materials are concerned by a revised candidate list.

REACH: Which are considered particularly dangerous, known as SVHC (Substances of Very High Concern):

Substances of California Proposition 65 list :

Substances hazardous to health and the environment are listed in California Proposition 65. If articles are exported to the USA/California, these substances must be declared if they are contained in the article. Please unfold the attached excel spreadsheet in the appropriate place for multiple substance disclosures. The Proposition 65 list is updated regularly and can be accessed via this :

EU POPs Regulation :

We would like to ask you to please verify compliance with the following regulation.

Regulation (EU) 2019/1021 (EU POPs Regulation)

Regulation (EU) 2019/1021 of 20 June 2019 on persistent organic pollutants

The Regulation concerns the prohibition and restriction of the production, placing on the market and use of Persistent Organic Pollutants (POPs). It also concerns the restriction on the releases of such substances and the establishment of provisions for the disposal of waste consisting of, containing or contaminated by such substances.

We assume that you, as our partner, are also aware of this regulation and ask for confirmation on this correspondence that you are in compliance with the provisions of the updated regulation.

If you are unable to guarantee compliance with any of the individual points in the above-mentioned regulation, we would request that you provide us with the corresponding feedback.
